

December 15, 2015

Congratulations to the High School Robotics team for qualifying to move to regionals.

Pat Lanotte is in contact with Phil Steck about school funding and legislative issues.

Transportation has been awarded a \$600,000 grant in state funding to help expand shared transportation services. The grant will help with improvements to the Hillside Avenue location.

Monthly enrollment remained flat.

Strategic planning has continued. Focus areas are curriculum and programs, student culture and environment and partnerships.

The February 9 meeting will be moved to February 8 at Glenclyff.

Student Travel: all trips will continue as planned after a meeting with the parents and staff.

Transgender students: Dr. Tangorra ensured that all students feel safe and be respected including their gender identity and the way they perceive themselves.

Middle School Program presentation and Operations and Maintenance program presentations were given.

Board reviewed a preliminary fund balance projection for the end of the year that shows expenditures and revenues are within budget. Board approved Nov 13 audit committee report and internal audit report. Great job!
